

Lenin Pulgar

773 484 7698 | lenindpulgar@gmail.com | Chicago, IL

Summary

Software Engineer with over 8 years of experience, specializing in content structure diagramming, stylesheet design, and user interaction improvements. Expert in a wide range of programming languages and technologies, with a strong focus on UX/UI design and creating end-to-end digital solutions. Proven track record in leading cross-functional teams and projects from conception to delivery, with a solid emphasis on user research and delivering cohesive, customer-centric experiences.

Experience

Flexio | Puerto Rico - Remote

Fullstack Developer | 01/2023 - 11/2024

- Led the transition of app development from external teams to internal teams, ensuring a smooth integration into the final product, leading to major investments.
- Developed an app in **Flutter**, taking full ownership and reducing dependency on external teams.
- Implemented **Scrum** methodology to optimize team management, focusing on collaboration and continuous delivery of valuable solutions.
- **UX/UI Design**: Actively participated in creating wireframes, interactive prototypes, and improving the user experience using **Figma** and other design tools.
- Collaborated with both frontend/backend developers and UX/UI designers to ensure a consistent and fluid user experience across all components of the app.
- Collaborated closely with cross-functional teams, including UX/UI designers and product owners, to ensure that designs aligned with user needs and business goals.

AVR Media Group | Miami, FL

Fullstack Developer (Remote Contractor) | 01/2016 - 01/2023

- Developed and managed websites and landing pages from concept to deployment, working closely with design teams to ensure UX/UI requirements were met.
- **UX/UI Design & Technical Feasibility**: Conducted technical assessments for UI designs to ensure they aligned with best design practices, accessibility, and performance standards.
- Worked with **Figma** and **Sketch** to create wireframes, prototypes, and visual designs, providing feedback on the feasibility and practicality of design ideas in collaboration with design teams.

WIC Studio | Chicago, IL

Fullstack Developer (Contractor) | 03/2019 - 11/2022

- Designed and developed over 50 webpages and 80 landing pages for high-profile brands such as Dell Technologies, Jack Daniels, and Formula 1, with a constant focus on user experience and design efficiency.
- **Complete UX/UI Design**: From wireframe creation to final implementation, I enhanced navigation and usability across digital platforms. Conducted usability testing and performance optimization to improve interaction and customer experience.
- **Cross-Functional Team Collaboration**: Worked closely with designers and product teams to develop end-to-end solutions that incorporated both client needs and best design practices.

ARQUIMED | Santiago de Chile, RM

UX/UI Front-end Developer | 11/2017 - 11/2022

- Developed websites and landing pages with a strong focus on **user experience**, delivering clean, accessible designs that prioritized functionality.
- **User Research & Creation of Personas/Customer Journey Maps**: Participated in user research and created **personas**, **customer journey maps**, and **storyboards** to enhance user interactions with the platforms. This approach helped better define solutions and meet client needs.
- **Design Guidelines (DEG)**: Worked with product teams to establish and maintain consistent design guidelines across platforms, optimizing user experience at every touchpoint.

Skills

Data Structure and Algorithms, Database and SQL, Object-Oriented Programming (OOP), Integrated Development Environments (IDEs), Web Development, Containers, Text Editors, Git Version Control, Prototyping, Teamwork and Conflict Resolution, Problem Solving, Empathy, Patience, Curiosity, Adaptability, Accountability, Time Management. Languages: Spanish (Native), English (Advanced), CI/CD, Git Version Control, NextJS, NestJS, PHP, HTML, CSS, Javascript, Typescript, ReactJS, Drupal, Wordpress, VueJS, PostgreSQL, Unit Testing, Angular, Dart, Dart, Flutter, Prototyping, Project Management, Containers, Graphic Design, Adobe Suite, Figma, Express, NodeJS

Education

University Rafael Bellosó Chacín | Maracaibo, Zulia - Venezuela

Web Design Media | 03/2015

Completed a Diploma in Web Design media

University Rafael Bellosó Chacín | Maracaibo

Marketing | 03/2012

Graduated in Bachelor in Business Administration Marketing
